INTRO

Forever we walk as one
We are precious we are divine
We are heavenly bound
We bring heavens love to ground

Our power is made of the One
Our return to the one has begun
It's with love not without
Only one way calls out loud

Love is who we are, love pure love
Love is who we are, God's love God's love

Bringing deep love to birth
Living true love on earth
Uniting us all
From the great wisdoms hall

Such magic light comes from within
You just have to begin
To follow your heart
God's vibration is never apart

Love is who we are, love pure love
Love is who we are, God's love we are

Solo – Piano 2x REF

Forever we walk as one
The new era has long begun
We are heavenly bound
We are here to bring heavens love to ground

Love is who we are, love pure love
Love is who we are, God's love we are
Love is who we are, love pure love
