

Icebreaker

Music & Lyrics by Andrea Leonhardi 2015 / www.heavensjoyfullmusic.com / CD: Under The Stars 2016

You break through the ice you're breaking consciousness
Your footprints marking our new joyfulness

Wherever you go you're breaking through the dense
No fortress longer has a chance
Walls tumble down as you walk on land or in town

You turn the light on you ignite our fiery flame
New dimensions are opening and nothing stays the same

**You go ahead and I can follow you go ahead
and I can stay
But it's you preparing a new way to walk on**

**You walk ahead and I can follow
Walk ahead I won't stay the same
It's you preparing a new way to walk on**

Hidden veils dissolve and clear away
It is your walk and all the words you say

Thy light on purpose surrounding you so bright
A way unseen but deeply know inside

You turn the light on you ignite our fiery flame
New dimensions are opening and nothing stays the same

**You go ahead and I can follow you go ahead and I can stay
It's you preparing a new way to walk on**

**You walk ahead and we can follow
You walk ahead we can't stay the same
Cause it's you preparing a new way to walk on**

Icebreaker adoring and strong
Taking your path all along
The way is free now
It can be followed - feel you can trust this lead

When you walk your glory you´r following the call
Your body moves and walks shining for all
Clearing the way dissolving greyest fog
Fire is rising like a fresh morning dawn

Your power moves like a silent loving storm
See behind the curtain where true power is born

You turn the light on - You ignite our fiery flame
New dimensions are opening and nothing stays the same

**Walk ahead - I can follow
Walk ahead - I can´t stay the same
Cause it is you preparing a new way to walk on**

**Oh walk ahead and we can follow
Walk ahead we won´t stay the same
It´s you preparing a new way to walk on**

**Walk ahead and we can follow
Walk ahead we won´t stay the same
Cause it´s you preparing a new way to walk on.**

**Oh walk ahead and we can follow
Walk ahead we won´t stay the same
It´s you preparing a new way to walk on**

**Cause it´s you preparing a new way to walk on
Cause it´s you preparing a new way to walk on
Cause it´s you preparing a new way to walk on**
