CD: „ Love Is Who We Are“ 2015

Your eyes are sparkling like the sunlight on the water
Sparkling like a star shining so brightly
Brilliant and enlightend

**You are an inspiration you are a joy to feel
You are the leading lighth of our soul
Your sparkling eyes do see the all
Your sparkling eyes do see the all**

Your eyes are deeper than the univers
Your eyes are a gateway into heaven so inviting
Leaving me so free and deeply held in love

**It is a joy to feel
You are our guiding light you are soul
Your sparkling eyes recieve the all
Your sparkling eyes recieve the all**

Lalalalalalalalalalalaaaa

Your eyes are more than smiling and confirming
The truth we all are
You lead us to the future we already now are
Solid like a rock

**You are an inspiration it is a joy to feel
You are the guiding light to our soul
Your sparkling eyes shining for all
Your sparkling eyes shining for all**

Your eyes are more than smiling and confirming
In truth we all are
Leading to the future - it is what we know
Solid like a rock

**You are an inspiration it´s a joy to feel
You are the guiding light you are soul
Your sparkling eyes shine out the all
Your sparkling eyes shine out the all**

**You are an inspiration it´s a joy to feel
You are the guiding light you are soul
Your sparkling eyes shining for all
Your sparkling eyes shining for all
Your sparkling eyes shining for all**
