

Live Your Love

Music & Lyrics Andrea Leonhardi 2019 | www.heavensjoyfullmusic.com

Live your love in every day
Joy will be on your way
Ground yourself in appreciation
It will change every relation

Express your love in every way
Joy will be on your way
Walk your walk in appreciation
Sing your song live in celebration

Be in sync with the divine
And all your movements will be in line
Be in sync with the divine
And all your movements will be aligned

I live my love in every day
Joy will be on my way
Ground myself in appreciation
it will change every relation

Lay down do nothing but receive
Dont think dont believe in any belief
And then stand up walk with joy
Embrace that path
Stand up walk your gold
Enjoy that treasure

Live your love in every day
Joy will be on your way
Ground yourself in appreciation
It will change every relation

Express your love in every way
Joy will be on your way
Walk your walk in appreciation
Sing your song live in celebration

Live true love
Live true love in every day
